**Innovex Co.,Ltd.**

## Introduction

---

# To be the leading company in the industry by providing solution through plastics and materials.

As a member of the Wavelock Holdings group, we focus on "Material Solution" business field, and provide solutions through competitive products which are construction materials, agricultural materials, living materials, industrial materials and food packaging materials both in Japan and overseas.

In April 2020, Innovex acquired, Japan Wavelock Co., Ltd. and Dio Chemicals, Ltd., and became a single entity of both manufacturing and sales as new ONE TEAM.

As being the core company of the group, Innovex will materialize to be a sustainable company by creating unique value through our specialty products of plastics and materials, and by providing optimal solutions to the unmet needs.

# Business Details

Solution sales departments organized by industry and product group  
Developing business and providing optimal solutions to the industry, and to customers.

## Building Solutions

### ■ Products for construction site (Construction covering sheet & mesh)

While Innovex holds a leading position in the construction material business, we offer covering materials for multiple purpose such as preventing dust scattering and falling objects, soundproofing, improving work environment for workers on breathability and visibility.

### ■ Partition materials (PVC Curtain Sheet shutter)

For optimal usage in warehouses, factories, etc., Innovex offers Partition materials having excellent effect on air conditioning control, soundproofing, dustproofing, insectproofing and moistureproofing.  
Innovex will select and propose the right products, and also provide solutions on installing services depending on customer needs.

## Industrial Solutions

### ■ Screen mesh for printing

Innovex provides high to low density PET(Polyethylene Terephthalate) base plain woven mesh products for screen printing purpose.

### ■ Smoke Barrier partition sheet

Smoke barrier partition sheet prevent the spread of smoke in the event of fire in commercial buildings, hospitals, or shopping malls.  
It is lightweight, incombustible and non-breakable with glass-like transparency, making it the better and safer alternative to conventional glass.

### ■ Heavy-duty, water proof cloth

Innovex offers specially formulated water proof sheet made from reinforced PVC, varying from rainwear to heavy duty apron use, and offering those as final products as well.

## Agri Solutions

Providing solutions to the diverse needs of agricultural work sites, Innovex offers shading nets, heat shieldings nets, and insect nets both to local and overseas market. Supporting farmers to ensure higher yield and good quality crops, Innovex prepares wide range of custom made products meeting the specific needs of greenhouses, and customer requirements.

### (Product lineup)

- Shading net
- Insect net
- Insulation sheet
- Climate screen
- Tarpaulin sheet
- Civil engineering net for vegetation, forestry net for animal gardening
- Soil conditioner

## Living Solutions

In more than 4,500 DIY stores Innovex provides various application of nets for window screen, bird net, wind proof net, fence net, and covering materials for agricultural and horticultural use.

Innovex holds the top market share in window screen nets, having wide range of product mix with various specification in size, mesh count, color, and material (plastics, glass fiber, PVC coating)

### (Product lineup)

- Insect net for screen window
- Insect net for new construction and professionals use
- Various horticultural nets/sheets such as shading net and weed control sheet
- Plastic fence net
- Bird protection materials

## Packaging Solutions

Offering wide range of packaging and food container product mix, from lunch boxes at convenience stores to dairy products, Innovex is focusing on developing high performance packaging material for shelf-life extension of the food, or patented environmentally friendly materials.

### (Product lineup)

- PS/PP Food grade sheet for vacuum forming
  - for yogurt container
  - for food tray
  - for microwave-safe container
- Plastic sheet for various kinds of packages
- Vacuum formed package
